COMPLETE DIRECTORY

OF

NOBLE COUNTY

COMPRISING

An Entire List of all Residents of the Cities and Towns

TOGETHER WITH

AN ACCURATE RURAL LIST, GIVING NUMBER OF ACRES OWNED, TITLE, SECTION NUMBERS AND RURAL ROUTES.

PUBLISHFD BY
J. M. MINCH CO.
Portland, Ind.

GLOBE PRINTING & BINDING CO.
FORT WAYNE, IND.

INTRODUCTORY

IN PRESENTING this, the first issue of our complete Noble County Directory, we feel assured that the work has been compiled and arranged in such a careful and thorough manner as to be accorded the commendation of all, and that it will prove an indispensable volume to private citizens, as well as to the business and professional men.

We appreciate the impossibility of entirely eliminating all inaccuracies, but have spared no pains to secure the fullest and most accurate information in the compilation of this book.

The patronage and support extended us, as well as the courtesies shown our solicitors, are heartily appreciated.

THE PUBLISHERS.

FACTORY, sixth street east of S. Main from Seagraves south two blocks.

Noble County Bank

Kendallville, Indiana

SIX REASONS

1. Depositing your money in bank makes it absolutely safe from loss by robbers, fire or accident.
2. With a bank account you can pay your bills by check. The cancelled check is a legal receipt for payment. You cannot be made to pay the bill twice.
3. A check book makes all of your money available at any moment, and you are never bothered about making change.
4. The bank keeps your books. Every deposit and the amount of the checks you draw are carefully entered in your pass book by expert bookkeepers so that you know where you stand at the end of the month.
5. Nearly every man needs to borrow 'money at some time. If you are well known at the bank, through your bank account, it is easy to get accommodation.
6. Every check you write is an advertisement of your good business habits and solid worth, which has the effect of raising you in the general esteem of your neighbors.

Any one of the above reasons is of itself sufficient to influence you to open a bank account. It will only take a short acquaintance with this bank, and the facilities it offers to convince you that six reasons are only a few of many more why you should make it your financial home.

Now is the time to begin the practice of these most approved business methods, and to make this bank what we want it to be—

YOUR BANK

FEED BARN

When you come to town do you hitch your horse or team at the public hitch rack and let him stand in the cold and rain and hot sun an hour or two and some times a half day? This is absolute cruelty to the noblest beast that man controls. There is a good roomy feed barn here that will protect your horse and he deserves it and should have it and you owe it to him. Let your horse stand in our barn whether you feed or not you can do it at small cost and add life and service to the animal.

TIMES AND SEASONS CHANGE
BUT THE QUALITY OF
LANG'S No. 1, 5 CENT CIGAR
NEVER CHANGES
Manufactured by JOHN H. LANG
KENDALLVILLE, INDIANA

LITTLE THINGS THAT MAKE PERFECT
There are hundreds of little details that must have careful attention in all drug stores if there is to be perfect service. I'ts the little things that make up the whole. We realize this and seek to allow no small matter to escape our notice. If you trade with us a while you'll see just how our painstaking helps the people who patronize us and just why those who once drop in here become steady customers.
No drug store can sell you better goods than we sell and no drug store can provide more satisfactory service. We would like a chance to prove these statements to you.
A. R. OTIS, Drugs, Kendallville, Ind.

Gone, Gone, Forever

No Getting Back Hard-Earned Cash From Mail Order Houses.

The destructive effects of large catalogue houses upon the individual mercantile efforts in the small towns and cities have grown to an alarming extent since the establishment of the rural free delivery and threaten to sap the business life out of the country towns and center it in the large cities. Farmers especially are victims to the glaring inducements held out by these mail order houses, and only find out their mistake after the local dealer has suffered the loss of his legitimate share of their patronage. The profit of each transaction which would naturally remain in the town and pass from man to man is sent away, business is curtailed, rendered unprofitable, and bad conditions are certain to follow. The home dealer is progressive and encourages and heads social enterprises and improvements; he donates to church and charities and pays a good proportion of the local taxes and his interests are closely allied with those of his customers; he selects and sells the best the market supplies; his character and his word are good; his statements and advertisements must be honestly and faithfully made good; examination and comparison is the privilege of the customer; you can see and examine just what you buy and merit is held equal with price. A safe and sure way to buy goods is through your home merchants, with whom you are acquainted and in whom you have confidence. When your money is sent away to Chicago mail order houses or to any other large city it is gone forever, as there is not one chance in a thousand that any part of it will ever be returned to your home town, while if you buy your goods of your home merchant a large part of it will remain in circulation in the community in which you reside.

The man who kindles the fire with the catalogues from the department stores and gives all his trade to his home merchants is the man who helps to put a better value on your property. The more a town grows and the more business it does, the greater the increase in the value of property—both city and farm. The man who patronizes the city department store in preference to his home merchants, thinking that he may thereby save a few pennies, is simply detracting from the wealth of his own community.

PATRONIZE HOME INDUSTRIES.

Thousands of dollars are sent out of Noble County annually that ought to be spent right here at home with the men who perhaps, in the face of some disadvantages and at some risk, have established manufacturing enterprises here and are turning out just as good products as are made anywhere.

If you buy of these home manufacturers you pay them a profit, of course, and help them not only to continue in business, but to enlarge and improve their business and employ more workmen and buy more of your produce and merchandise, and in every way help to build up a greater county and state.

Patronize home industries; every dollar of profit comes back to you if spent here. If spent abroad it never comes back. Help build up home industries. They will help build you up. They, prospering, through your patronage, will make your business more profitable, will increase the value of your real estate, will create a constantly increasing demand for labor, and will steadily increase the consumption of everything produced.

Get out of the notion that the further away a thing is made the better it is. Get in the habit of patronizing home industries. It is the right and sensible thing to do. It is the profitable thing to do. It is the only way to grow and prosper. Be loyal to home, county, city and state.

HARNESS

12 Years

Making Harness in Cromwell for the Consumer, with only one (1) profit from manufacturer to user.

Each year we aim to give you better values for your money, by adding new tools, up-to-machinery and labor saving devices. We are now well equipped and can make you any style of harness you like and at one (1) small profit above cost of material and making. The smaller the profit the more harness we can sell. We carry a good stock on hand of everything in the line, including buggies. . . .

A. W. BEAZEL

A. & C. STONE & LIME CO.

Crushed Stone and Portland Gas Burned Lime

Crushed Stone Plants Ridgeville, Portland and Greencastle, Ind. Write for Prices, We Ship Lime in Bulk or Barrel

This Macadamized St., South 14th St., from South A to Main St., Richmond, Ind.
Built 1905 of A. & C. Stone & Lime Co., crushed stone, Ridgeville, Ind.

GOOD ROADS AND GOOD STREETS

Why should we throw our money away in building poor gravel roads that are only good in good weather. Three yards of crushed stone will build a better road than five yards of gravel. We can build a better road at the same cost with stone than we can with gravel. Our stone roads will be good at all times, winter and summer. The life of a gravel road is three to five years. The life of a stone road is thirty to fifty years. Every man interested in good roads should investigate. The Ridgeville lime crushed stone is not excelled for roads or macadamize streets, concrete cement walks, curbs and gutters; quick to bond. Have you ever used our screenings for driveways, alleys or repair work? Prompt shipment, capacity all plants 100 car loads crushed stone per day.
